Professional Summary

As a Bachelor of Science student in Information & Communication Technology at the Ghana Institute of Management & Public Administration, I am passionate about pursuing a career as a data analyst. With a keen interest in data analysis, I completed a Google certification course in Data Analytics in December 2022, where I acquired skills in Data Cleaning and Performing Data Analysis using R Programming. I have a solid foundation in IT Auditing, Software Engineering, Database Design, Computer & Information Security, and Object-Oriented Programming. I am excited to apply my skills and knowledge in analyzing complex data sets and providing valuable insights that drive business decisions.

Education

Bachelor of Science in Information & Communication Technology   *Expected Graduation July 2023*
Ghana Institute of Management and Public Administration, Accra, Ghana

- **Cumulative GPA**: 3.53/4.0

- **Relevant Coursework**:

    - IT Auditing: Developed audit strategies and techniques to evaluate and manage risks in IT systems.
    - Software Engineering: Incorporated design thinking skills and knowledge of the software development cycle in developing prototypes of solutions to a commercial problem.
    - Computer & Information Security: Analyzed and assessed security risks in IT systems and developed strategies to mitigate them.
    - Advanced-Data Communications and Networking: Explored network protocols and architectures for wired and wireless networks.
    - Database Design: Designed and implemented relational databases using SQL.
    - Object-Oriented Programming: Developed software using Java and Python.
    - Project Management: Developed project plans, schedules, and managed project resources.

High School Diploma – General Arts   *Sep 2014 - Apr 2017*
Mfantsipim Senior High School

- **Activities**:

  - President - Photography Club: Organized and led club activities, exhibited photos at 141st Speech Day at Mfantsipim School and Rotary Club Cape Coast, 2017.

  - Robotics Club: Built robots and participated in inter-class robotics competitions.

Certifications

Google Data Analytics – Coursera (December 2022)

Technical Skills & Languages

Software

- R (RStudio, R Markdown): Performed data cleaning, and analysis using R.
- Tableau: Created visualizations and dashboards to communicate insights.
- GitHub: Managed code repositories and collaborated with team members.
- Microsoft Office: Proficient in Word, Excel, and PowerPoint.
- Visual Studio Code

Languages

- English (fluent)
- Fante

Skills

- Proficient in Tableau for data visualization.

- Familiarity with GitHub and Visual Studio Code for version control and project management.

- Knowledgeable in Microsoft Azure for cloud computing.

- Skilled in using R (RStudio, R Markdown) for data cleaning and analysis.

- Great work ethic and problem-solving skills.

- Excellent verbal and written communication skills.

Hobbies & Interest

- Photography: I enjoy taking photos of landscapes and people. Exhibited photos at 141st Speech Day at Mfantsipim School and Rotary Club Cape Coast, 2017.
- Computer Hardware: Builds, upgrades, and service computers as a hobby. I also have experience with assembling and troubleshooting hardware components.
